General school information

This school which has more than 30 years of experience and a reliable staff, is devoted to carrying out an educational project to help students to achieve a complete education based on outstanding academic achievements as well as the development of human values. As such, their teaching method focuses on individual attention in small group settings, while also placing importance on a comprehensive education, including: music, languages, sports and computer studies. The school organizes different cultural and sports activities to complete the students' education.

Campus

This school is in a natural setting surrounded by beautiful green hills yet within easy reach of the main towns of Asturias: Oviedo, Gijón and Aviles. Oviedo was declared World's Heritage by UNESCO, due to their outstanding monuments.

Languages

In secondary education, all subjects are taught in Spanish, except for English language classes. French is taught as a second language.

School facilities

Music classrooms, school choir and very active music centre that offers group and individual lessons of violin, viola, cello, clarinet, flute, piano and guitar (classic & electric) and pipe, a popular instrument in this part of Spain. Libraries, arts classroom, science laboratory, language laboratory, computer room (25 computers), wifi campus, technology classroom, artistic drawing classroom, multimedia classroom, assembly hall, lunch area, medical service, book shop.

Sport facilities

Sports complex, outdoor and indoor swimming pools, athletics courts. Facilities available for: basketball, football, handball, volleyball and karate. Sport tuition also available. Mountain and trekking club that organize optional trips.

Accommodation

The student residence is located on the school premises. The rooms in this coeducational residence are quadruples. The student residence has its own study areas and lunch area as well as laundry and ironing facilities. Most Spanish students choose to return home at weekends.
